The Presenters

Roxanne Grobbel, JD, LCSW, RPT-S is the Clinical Director for ABC. She coordinates the program evaluation/research and supervises graduate level interns and therapists at the childcare centers in which ABC conducts it's social and emotional wellness program. As a Registered Play Therapist and Child Parent Psychotherapist, Roxanne counsels children, parents, and teachers facing a broad range of challenges, including trauma, attachment difficulties, divorce, depression and behavioral problems. Roxanne is also a Certified EMDR (eye movement desensitization and reprocessing) therapist and sees clients on an individual basis. Roxanne teaches a course on Social and Emotional Wellness for Children at Palm Beach State College and presents workshops on various topics for mental health professionals and preschool educators

Crystal Nasser, LCSW, Registered Play Therapist, received her BS in Psychology from Florida State University and masters degree in social work from Florida Atlantic University before becoming a licensed clinical social worker and registered play therapist. Through play and filial therapies, Crystal is able to provide counseling to parents/caregivers and their children who find themselves amidst varied emotional and behavioral challenges. As the Program Director at All 'Bout Children, Crystal not only focuses on developmentally appropriate treatment interventions for very young children using Play Therapy, but also provides professional development training for graduate level interns, child care workers and other mental health professionals. Crystal has co-facilitated numerous workshops within the county with supervisors, Jane Robinson and Roxanne Grobbel. In addition, Crystal serves as a board member for a local non-profit, the MCL Foundation, which focuses its resources on easing the financial burdens and emotional distress of local children and families in crisis.

Play Therapy-The Essentials

May 4, 2012

Presenters:

Roxanne Grobbel, JD, LCSW, RPT-S
and
Crystal Nasser, LCSW, RPT

Workshop Objectives:

Participants will learn the essential skills needed to work with young children.

- how to engage and work with the youngest of clients
- how to watch, wait, and wonder in order to learn from children's play
- how to help children identify feelings and learn appropriate ways to express them
- understand impediments to social and emotional wellness: risk factors, trauma, attachment disorders/issues
- learn how these issues affect children's behavior and how play therapy helps

Please bring 10 Miniatures
